About AFTRA

AFTRA is an intergovernmental organization comprising the Ministries of Education and National Agencies regulating teaching in all the Member States of the African Union. Inaugurated on October 12, 2010 in Abuja Nigeria by the Ministers of Education of Nigeria and South Africa, AFTRA has grown into a profound continental Federation that leads policy development and implementation for the professionalization of teaching in Africa. AFTRA is also a member of the International Forum of Teaching Regulatory Authorities (www.iftra.org) and UN International Taskforce on Teachers for Education 2030 (<https://www.teachertaskforce.org/>).

In pursuit of its mandates, AFTRA further functions as the African Union Co-Chair of CESA Teacher Development Cluster; member of the CESA Curriculum Cluster; and member of the Advisory Group of the African Continental Qualification Framework (ACQF). AFTRA has UNESCO-IICBA and Education International Africa Regional Office as strategic partners and collaborates with UNESCO Regional offices across Africa and other continents.

The national laws that established the National Agencies which regulate teaching empower them to register and license teachers, set standards for pre-service and on-going teacher professional development, develop and implement code of ethics and professional standards for teachers and school leaders, and work generally to promote the professional status of teachers. AFTRA, therefore, is working to translate these mandates into continental frameworks, to facilitate exchange of best practices, teacher mobility, and quality teaching and learning throughout Africa for the actualization of SDG4-Education, CESA 16-25 and the AU Agenda 2063: The Africa We Want.

The African Union theme for 2024 - "Educate an African fit for the 21st Century: Building resilient education systems for increased access to inclusive, lifelong, quality, and relevant learning in Africa," was officially launched at the AU Summit in Addis Ababa, Ethiopia. The launch marks the implementation of concrete initiatives to transform education and skills development systems in Africa. AFTRA welcomes and endorses the AU Road Map Year of Education and is pleased to align the conference with the AU Year of Education as an AU Spotlight on Basic Education and Foundational Learning. The launch of the 2024 Spotlight report, Learning Counts, by the AU, GEM Report, and ADEA at the conference aims to enhance evidence-based dialogue on education transformation in Africa.

AFTRA Founding Countries: Nigeria, South Africa, Gabon, Kenya, Mozambique, Sierra Leone, Sudan, Cameroon, Ghana, Republic of Benin, Rwanda, Uganda, Tanzania, Guinea Bissau, Congo, Angola, Namibia, Botswana, & Zambia. Supported by: UNESCO, UK Department for International Development, British Council, International Forum of Teaching Regulatory Authorities, Teachers Without Borders International, Japanese International Cooperation Agency & US Agency for International Development.

À Propos de l'AFTRA

L'AFTRA est une organisation intergouvernementale regroupant les ministères de l'éducation et les agences nationales de régulation de l'enseignement dans tous les États membres de l'Union africaine. Inaugurée le 12 octobre 2010 à Abuja au Nigeria par les ministres de l'éducation du Nigeria et de l'Afrique du Sud, l'AFTRA est devenue une importante fédération continentale qui dirige l'élaboration et la mise en œuvre des politiques pour la professionnalisation de l'enseignement en Afrique. L'AFTRA est également membre du Forum international des autorités de réglementation de l'enseignement (www.iftra.org) et du Groupe de travail international des Nations Unies sur les enseignants pour l'éducation 2030 (<https://www.teachertaskforce.org/>).

Dans la poursuite de ses mandats, l'AFTRA agit, en outre, en tant que coprésidente du cluster de développement des enseignants CESA, pour l'Union africaine ; membre du groupe de programmes d'études CESA ; et membre du Groupe consultatif du Cadre Continental Africain des certifications (ACQF). L'AFTRA a comme partenaires stratégiques l'UNESCO-IICBA et le bureau régional Afrique de l'Éducation l'Internationale et collabore avec les bureaux régionaux de l'UNESCO à travers l'Afrique et autres continents.

Les lois nationales qui fondent les agences nationales de régulation de l'enseignement leur permettent, notamment d'enregistrer et de délivrer des licences aux enseignants, d'établir les normes pour le développement professionnel initial et continu des enseignants, d'élaborer et de mettre en œuvre un code d'éthique et des normes professionnelles pour les enseignants et les responsables d'établissement, et de travailler généralement pour promouvoir le statut professionnel des enseignants. L'AFTRA s'efforce donc à traduire ces mandats dans des cadres continentaux, à faciliter l'échange des

meilleures pratiques, la mobilité des enseignants et un enseignement / apprentissage de qualité à travers l'Afrique pour l'actualisation de l'ODD4-Éducation, de la CESA 16-25 et de l'Agenda 2063 de l'UA : « L'Afrique que nous voulons ».

Le thème de l'Union africaine pour 2024 - "Éduquer une Afrique en forme pour le 21^e siècle" - a été officiellement lancé lors du sommet de l'UA à Addis-Abeba, en Éthiopie : Construire des systèmes éducatifs résilients pour un accès accru à un apprentissage inclusif, tout au long de la vie, de qualité et pertinent en Afrique". Ce lancement marque la mise en œuvre d'initiatives concrètes visant à transformer les systèmes d'éducation et de développement des compétences en Afrique. L'AFTRA salue et soutient la feuille de route de l'UA pour l'Année de l'éducation et est heureuse d'aligner la conférence sur l'Année de l'éducation de l'UA en tant que Spotlight de l'UA sur l'éducation de base et l'apprentissage fondamental. Le lancement du rapport Spotlight 2024, Learning Counts, par l'UA, le Rapport GEM et l'ADEA lors de la conférence vise à renforcer le dialogue basé sur des preuves sur la transformation de l'éducation en Afrique.

Pays fondateurs de l'AFTRA : Nigeria, Afrique du Sud, Kenya, Mozambique, Sierra Leone, Soudan, Cameroun, Ghana, République du Bénin, Rwanda, Ouganda, Tanzanie, Guinée Bissau, Gabon, Congo, Angola, Namibie, Botswana, & Zambie. Soutenu par : l'UNESCO, le Département Britannique pour le Développement International, le British Council, le Forum International des Agences de réglementation de l'Enseignement, Teachers Without Borders International, l'Agence Japonaise de Coopération Internationale et l'Agence américaine pour le Développement International.

Sobre a AFTRA

A AFTRA é uma organização intergovernamental constituída pelos Ministérios da Educação e Agências Nacionais que regulam o Ensino em todos os Estados Membros da União Africana. Inaugurada em 12 de Outubro de 2010 em Abuja Nigéria pelos Ministros da Educação da Nigéria e da África do Sul, a AFTRA tornou-se uma profunda Federação continental que lidera o desenvolvimento e a implementação de políticas para a profissionalização do ensino em África. A AFTRA também é membro do Fórum Internacional de Autoridades Reguladoras do Ensino (www.iftra.org) e da Força-Tarefa Internacional da ONU sobre Professores para a Educação 2030 (<https://www.teachertaskforce.org/>).

Na prossecução dos seus mandatos, a AFTRA trabalha como Copresidente do Grupo de Desenvolvimento de Professores do CESA, para a União Africana; membro do CESA Curriculum Cluster; e membro do Grupo Consultivo do Quadro de Qualificação Continental Africano (ACQF). A AFTRA tem como parceiros estratégicos a UNESCO-IICBA e o Gabinete Regional Africano da Education International e colabora com os Escritórios Regionais da UNESCO em África e outros continentes.

O tema da União Africana para 2024 - "Educar uma África apta para o século XXI: Construindo sistemas educacionais resilientes para aumentar o acesso à aprendizagem inclusiva, ao longo da vida, de qualidade e relevante na África", foi lançado oficialmente na Cúpula da UA em Adis Abeba, Etiópia. O lançamento marca a implementação de iniciativas concretas para transformar os Sistemas de Educação e Desenvolvimento de habilidades na África. A AFTRA dá as boas-vindas e endossa o Roteiro do Ano da Educação da UA e tem o prazer de alinhar a Conferência com o Ano da Educação da UA como um Destaque da UA sobre Educação Básica e Aprendizagem Fundamental. O lançamento do Relatório 2024 Spotlight, Learning Counts, pela UA, GEM Report e ADEA na Conferência tem como objectivo aprimorar o diálogo baseado em evidências sobre a Transformação da Educação em África.

As leis nacionais estabelecidas pelas Agências Nacionais que regulam o ensino habilitam a AFTRA a registar e a licenciar professores, estabelecer padrões para o desenvolvimento profissional inicial e contínuo de professores, desenvolver e implementar códigos de ética e padrões profissionais para professores e líderes de estabelecimentos escolares e trabalhar para promover o estatuto profissional dos professores. Portanto, a AFTRA, trabalha com vista a traduzir esses mandatos em estruturas continentais, para facilitar o intercâmbio de melhores práticas, a mobilidade de professores e o ensino e aprendizagem de qualidade em África para a realização do ODS4-Educação, CESA 16-25 e a Agenda 2063 da UA: "A África que queremos".

Países Fundadores da AFTRA: Nigéria, África do Sul, Quênia, Moçambique, Serra Leoa, Sudão, Camarões, Gana, República do Benim, Ruanda, Uganda, Tanzânia, Guiné-Bissau, Gabão, Congo, Angola, Namíbia, Botsuana e Zâmbia. Apoiado por: UNESCO, Departamento de Desenvolvimento Internacional do Reino Unido, Conselho Britânico, Fórum Internacional de Autoridades Reguladoras do Ensino, Professores Sem Fronteiras, Agência Japonesa de Cooperação Internacional e Agência dos EUA para o Desenvolvimento Internacional.

1. Africa Skills Week

The inaugural Africa Skills Week 2024 has successfully established itself as a pivotal platform for fostering collaboration, knowledge sharing, and collective action to address the skills gap in Africa. The first ever Africa Skill week was launched in Accra, Ghana in October 2024. This will be a yearly event, and call will be launched to AU MS to indicate willingness to host the 2025 Africa Skill week.

A highlight of the week was a pitching session in which 10 digital initiatives – finalists out of a total of 611 entries – were given the opportunity to garner one of three African Union Education Innovation Awards. US\$25 000 first prize: SimuLab and Science Safari, a virtual science laboratory platform developed by Ghana's Ogames, US\$15 000 second prize: Storytelling and Digital Tech for Change, a storytelling initiative for social behavioural change and digital skills by Tanzanian company [Tai](#), US\$10 000 third prize: NABU Multilingual App and Web Reader, a [multinational initiative](#) that creates original children's stories in mother-tongue languages

2. Africa Day of School Feeding (ADSF)

The 2016 Ordinary Session of the Assembly of Heads of States and Governments declared the 1st of March every year as the Africa Day of School Feeding (ADSF). The ADSF has served as a convening space for stakeholders across the public, private, civil society, and multilateral sectors to raise awareness and knowledge on school feeding, galvanize political support for the adoption, implementation, sustainable financing and sustainment of pro-school feeding policies programs. In 2024, the 9th ADSF was celebrated in Burundi, Bujumbura.

3. End Learning Poverty and Foundational Literacy and Numeracy Campaign

On September 5th and 6th, 2024, the African Union (AU), in collaboration with UNICEF, launched the End of Learning Poverty and Foundational Literacy and Numeracy Campaign at the AU Headquarters in Addis Ababa, Ethiopia. This landmark event marked a significant milestone in addressing the foundational learning crisis across the continent. The National launch will begin with 25 Countries, 5 from each African region.

4. AU Continental Teacher Awards

The African Union Continental Teachers' Awards, a flagship initiative under the Continental Education Strategy for Africa (CESA 16-25), aimed at revitalizing the teaching profession to ensure quality and relevance in education systems across Africa. Since its inception in 2019, 36 outstanding teachers have benefited from the Awards from 19 AU Member States. The 2024 Edition could not be launched because of resources. However, for 2025 Edition, resources has been secured and a call will be launched to the Ministry of Education of AU Member States.

COL-AFTRA Beyond Numbers PROJECT Scaling Quality Teacher Development in Sub-Saharan Africa with ODL

SESSIONS

May 6, 2025 - Ministerial Session
May 7, 2025 - Plenary Session

CONTEXT

According to the UNESCO 2024 Global Report on Teachers:

- Teachers are essential in achieving SDG4 to ensure inclusive and equitable quality education for all by 2030.
- 44 million additional primary and secondary teachers are needed globally to meet the 2030 targets.
- Sub-Saharan Africa alone needs 15 million additional teachers by 2030 to achieve SDG4 targets.

RATIONALE

Given the shortage of teachers in sub-Saharan Africa (SSA), leveraging open and distance learning (ODL) and digitalisation can expand the pool of qualified educators and prepare a new generation to meet the region's growing demand for quality education, particularly with a view to improving gender equality and inclusive provision.

The project emphasises that ODL and digitalisation present a transformative opportunity to address the critical shortage of qualified educators in SSA. By tackling current educational challenges, these innovative approaches can facilitate accessible and flexible training programmes tailored to meet the region's increasing need for quality education.

OBJECTIVES

- Developing a scalable ODL framework for teacher training, adaptable to different countries.
- Creating digital literacy training modules for teachers, with clear guidelines for recognition.

EXPECTED RESULTS

- A scalable ODL framework for teacher training, customisable for the needs of other countries.
- A suite of digital literacy training modules for teachers, with practical guidelines for implementation / recognition.
- More than 500 teachers trained. The initial project duration is one year till June 2025, with prospects for continuation, if further funding becomes available.
